

Irrigator's Registration

City of Burleson

Water / Wastewater Quality Division

Irrigator's shall submit copies of the following for registration and attach them to this form:

- Driver's License
- Irrigator's certification provided by the TCEQ

Irrigator's operating within the City may register with the City prior to the installation of an irrigation system. In order to register, fill out this form and submit it along with the information required above to the Building Permits office. There is no fee for registration.

Please be aware of the following:

Permit:

Please be aware that all irrigation systems are required to have a permit. Permits must be obtained prior to installation. An irrigation permit can be acquired from the Building Permits office at a cost of \$25.00.

Backflow Prevention Assembly:

Please be aware that all irrigation systems must have an approved backflow prevention assembly. A backflow prevention assembly test form must be submitted within thirty (30) days of the date the irrigation permit was pulled to the Water / Wastewater Quality Division. All tests must be completed by a backflow prevention assembly tester who is registered with the City. A list of testers registered with the City can be obtained from the Building Permits office. Tests must be submitted using the City of Burleson's Backflow Prevention Assembly Test and Maintenance Report.
