Beginning June 1, solid waste collection, including specials, brush and yard waste in Burleson will transfer from the City of Burleson's hands to a private vendor, I.E.S.I. TX Corporation.

There will still be twice-a-week solid waste collection for residential customers. There will not be any changes to the days or zones collected currently. The total cost is \$16.42. This is a 23 percent reduction when compared to the projected 2010 City rate of \$21.38.

That projected rate would have included costs for a needed transfer station if City employees continued to handle solid waste collections. Residential customers will still use bags, not carts.

The fee for non-residential customers beginning June 1, 2009, will be \$20.48 for twice-a-week minor collection (10 bags or one 96-gallon container per set out) and \$29.48 for twice-a-week major collection (11-20 bags or two 96-gallon containers per set out).

The 96-gallon carts are an option for non-residential accounts only. If you have any questions, contact the City of Burleson's public works department at 817-447-5410.
