

## Memorandum

To: Honorable Mayor Shetter and members of the Burleson City Council

From: Aaron Russell, Director of Public Works

Date: April 6, 2009

Subject: Award the bid for interior painting of the Industrial No.2, 2.0 MG ground storage tank to Corrosion Eliminators, Inc. (Bid 2009-022)

---

### **Council Action Requested:**

Award the bid for interior painting of the Industrial No. 2, 2.0 MG ground storage tank (Bid 2009-022) to Corrosion Eliminators, Inc. in the amount of \$211,900.00.

### **Background Information:**

This tank is a 2.0 million gallon welded steel, ground storage tank constructed in 1995 by Maloney-Crawford Inc. An inspection of this tank was performed in May 2008 by Steel Inspectors of Texas, Inc. The inspection revealed several areas of the tank's interior finish deteriorating resulting in corrosion to the structural components of the tank. Staff developed a budget to sand blast, perform structural repairs and modifications, and refinish the interior of the tank in the 2008-2009 Budget. Staff expects the repairs and coating application will be effective against further deterioration for the next thirteen to fifteen years.

Specifications were developed by Public Works staff for this project and bid through the City's Purchasing Department. The Purchasing Department opened bids for Bid 2009-022 on, March 5, 2009 at 2:00 p.m. at City Hall. Bid requests were sent to all vendors registered to do business with the City of Burleson for this commodity. Two (2) bids were received.

### **Board/Citizen Input:**

N/A

### **Financial Considerations:**

Funds for this project are budgeted for FY 2008-09 in Water Account 401-4041-511-7803.
