WEEKLY REPORT

OCTOBER 25, 2019

TO: MAYOR SHETTER AND COUNCIL MEMBERS

FROM: BRYAN LANGLEY, CITY MANAGER

Weekly Report | October 25, 2019

I. Council Schedule

Meetings

- **Saturday, November 9:** Council Workshop. United Cooperative Services, 2601 S. Burleson Blvd, Burleson, TX 76028 8:00 a.m. to 5:30 p.m. (There will be a break from 1:30 p.m. - 3:00 p.m. to allow council to attend the Veterans Tribute).
- **Monday, November 11:** City Council Meeting. City Hall Council Chambers, 141 W. Renfro St. Burleson, TX, 5:30 p.m. Work session, 7 p.m. regular session

Work Session Items/Report & Discussion Items

November 11

- a. Employee of the Quarter for the 3rd quarter of 2019. (Staff Presenter: Wanda Bullard, Director of Human Resources)
- b. Burleson branding initiative. (Staff Presenter: DeAnna Phillips, Marketing and Communications Director)
- c. Texas Alcoholic Beverage Commission (TABC) briefing (Presenter: City Attorney Representative)
- d. Annual Council Training (Presenter: Cara White, Attorney)
- e. Hotel/Motel grant guidelines and options for allocation of funds
- f. Programming and planning operations for the Mayor Vera Calvin Plaza in Old Town
- g. Proposed intelligent traffic systems master plan
- h. Proposed parks master plan

II. General Information and Status Updates

A. Mayor Vera Calvin Plaza in Old Town Weekly Update

Construction of the Mayor Vera Calvin Plaza remains on schedule and within budget.

Construction activity for next week, October 28 – November 1, will include:

- Continue work for site foundations
- Continue electric branch/site circuits
- Electrical room raceways
- Train platform conduit
- Train platform decking
- Restroom/Storage building brickwork

Major ROW Parking/Storm System Phase:

- Beginning on October 28, work will commence in the right of way to construct parking (49 new stalls), sidewalks, and streetscape
- City staff and Contractor, Hill & Wilkinson, have coordinated with local businesses to plan work in phases that lessens impact as much as possible
- The ROW work will be strategically phased, please see attachment for a graphical breakdown of phasing and work on page 22.

B. CityFest Date

Staff is recommending Wednesday, January 29, 2020, from 4:30 to 7:30 p.m. for the date of CityFest. If City Council has any issues with this date, please contact DeAnna Phillips, dphillips@burlesontx.com, and we will evaluate other potential dates.

C. City of Burleson wins statewide excellence award

The Burleson Drowning Prevention Coalition named best in public safety for cities over 25,000 in population

During the 2019 Texas Municipal League (TML) Annual Conference and Exhibition in San Antonio, the City of Burleson received a 2019 Municipal Excellence Award in public safety for cities over 25,000 in population. The award recognized the City for the Burleson Drowning Prevention Coalition.

Inspired to prevent childhood drownings, the City of Burleson Fire Department and marketing team created a public service video to raise awareness and encourage parents to safeguard their children. Wanting to do more, the Drowning Prevention Coalition, which consists of multiple community partners, formed and began collaborating on ways to end childhood drowning deaths. The result was a successful effort to provide swimming lessons, free of charge, to Burleson youth. To date, the Coalition is responsible for providing 1,500 children with swim lessons.

On hand at the Conference to accept the award were councilmembers Ronnie Johnson, Katherine Reading, Stuart Gillaspie and Rick Green.

"We are extremely proud that our grass-roots efforts to stop childhood drownings in our community has been recognized statewide," stated Burleson Fire Chief K.T. Freeman. "We look forward to growing this project with the continued support of city council, local businesses, our community and the school district."

TML's Municipal Excellence Awards recognize and encourage the achievements of Texas cities in meeting the challenge of municipal governance. Innovative problem-solving,

excellence in management, increasing citizen participation, and reaching toward higher service levels are all daily occurrences in Texas cities, and they deserve recognition. This awards program seeks out the best of these programs to honor. Awards are given in two population categories (under 25,000 and over 25,000) and five areas (management innovations, communication programs, city spirit, public safety, and public works).

D. Walking Connect with Council scheduled for Nov. 2

Mayor Shetter and council member Stuart Gillaspie will be hosting a 'walking' Connect with Council from 9 to 10:30 a.m. on Saturday, November 2. Residents can speak with their elected officials during a relaxed stroll around Bailey Lake. There will also be Master Naturalists who will discuss flora and fauna native to the area.

E. BISD Collegiate High School Volunteers

Students in the Pathway to College and Career Readiness class came to the rescue recently to assist with two big projects in the Department of Recreation and Lifelong Learning.

Volunteerism is an important part of their curriculum, and these 11th and 12th-grade students are required to find opportunities to serve the community as a group. Their call to the city seeking opportunities to serve came at the perfect time. Department staff recently visited several BISD schools asking students to complete surveys as part of the Youth Parks Master Plan Outreach program. Staff received over 1,000 written responses, which required computer data entry. Since all of the BISD students have district assigned tablets, their teacher agreed that the class could accomplish the data entry in very little time. City staff delivered the surveys late on a Thursday afternoon, and the students had the task completed by noon the next day. This saved a tremendous amount of staff time and was much appreciated.

Subsequently, the BISD students agreed to volunteer at the library on Friday, October 18, to assist with important but time-consuming tasks. The students were separated into groups of 5 and performed the following tasks:

- Pulling books forward on the shelves aligning spines neatly
- Dusting all shelving
- Cleaning all hard surfaces with disinfecting wipes
- Cleaning and disinfecting all of the children's toys

The students did an exceptional job and were courteous, polite, and efficient. Staff even received feedback from library patrons about the wonderful work the students were doing and how wonderful it is for the city and BISD to partner together to give our youth this experience. In appreciation, department staff hosted a pizza lunch for the students at Warren Park.

Staff followed up with their teacher to inquire about their experience. She responded that it was a “very successful field trip,” and they would love to come back again. Some of the students have taken the initiative to sign up individually to help with Boo Bash, and some have expressed an interest in helping to decorate for Santa’s Breakfast in December.

Their teacher asked if we could work with them to extend the volunteer experience to her 9th and 10th-grade students. They are very interested in being involved in events supporting our veterans. Staff is considering a thank you card writing campaign for veterans and will continue to seek out volunteer opportunities for these students.

Both the department and BISD view opportunities such as these to be critical in developing a love of lifelong learning and service. These students went above and beyond to make a difference in their community, and their actions represent what makes Burlison such a great place to live.

F. Hidden Creek Golf Course’s Greg Gregory captures back to back victories at the Yamaha Golf-Car Company & Srixon/Cleveland Golf/XXIO Match Play Championship

The Championship Match of the Yamaha Golf-Car Company & Srixon / Cleveland Golf / XXIO Match Play Championship featured the #5 seed Greg Gregory, PGA head professional at Hidden Creek Golf Course, and the #6 seed Brian Norman, PGA teaching professional at Gleneagles Country Club. Greg Gregory was victorious after 21 holes.

Gregory took an early lead in the match going 1UP after the first hole, and played with a lead for eleven of the next twelve holes. However, with a birdie on #14, Norman was able to square up the match, and then take the lead 1UP after winning hole #16 with a birdie. On hole #17, Gregory chipped in from the front of the green for birdie, forcing the match back to all square. After making pars on #18, Gregory and Norman were onto extra holes. On their 21st hole of the match, Gregory made a 30-foot putt for birdie to claim the victory.

This marks Gregory’s second consecutive, and third overall, Match Play Championship victory and eighth NTPGA individual major championship. Gregory took home \$7,000 of the \$42,000 Open Division purse.

The Yamaha Golf-Car Company & Srixon / Cleveland Golf / XXIO Match Play Championship was contested October 14-16 at River Crest Country Club in Fort Worth, Texas, a 6,512-yard, par 70 layout. The Championship was presented by Adventures In Golf, AT&T Byron Nelson, Green Garden Gold and PGA TOUR. The top 32 players on the final 2019 Yamaha Golf-Car Company & Srixon / Cleveland Golf / XXIO Player of the Year Points Challenge were invited to compete in the season-ending major championship.

G. BRiCk Maintenance

A couple of maintenance items were brought up by council during the October 21, regular meeting. The faucets in the locker rooms are set to run for a period of time and then automatically shut off. But it was reported that there were faucets stuck in the on position. Staff recently serviced the faucets and are doing regular walkthroughs. However, staff will also hang a clipboard in the locker room to show when the last walkthrough occurred and extend into the locker room the recently enacted texting feature for guests to report fitness equipment concerns.

A treadmill was reported to be squeaking while another guest was using the treadmill, and multiple staff were unable to replicate any squeaking from a mechanical issue. However, they were able to create a squeak by wearing tennis shoes and not adequately picking up their feet as they walked. It is unknown if that was the cause, but staff will continue to monitor to ensure the equipment is functioning properly.

It was also reported that there were parking lot lights out on the south end of Bartlett Soccer Complex. Staff recently ordered the necessary parts to do the repair, and the lighting was replaced on Wednesday morning of this week.

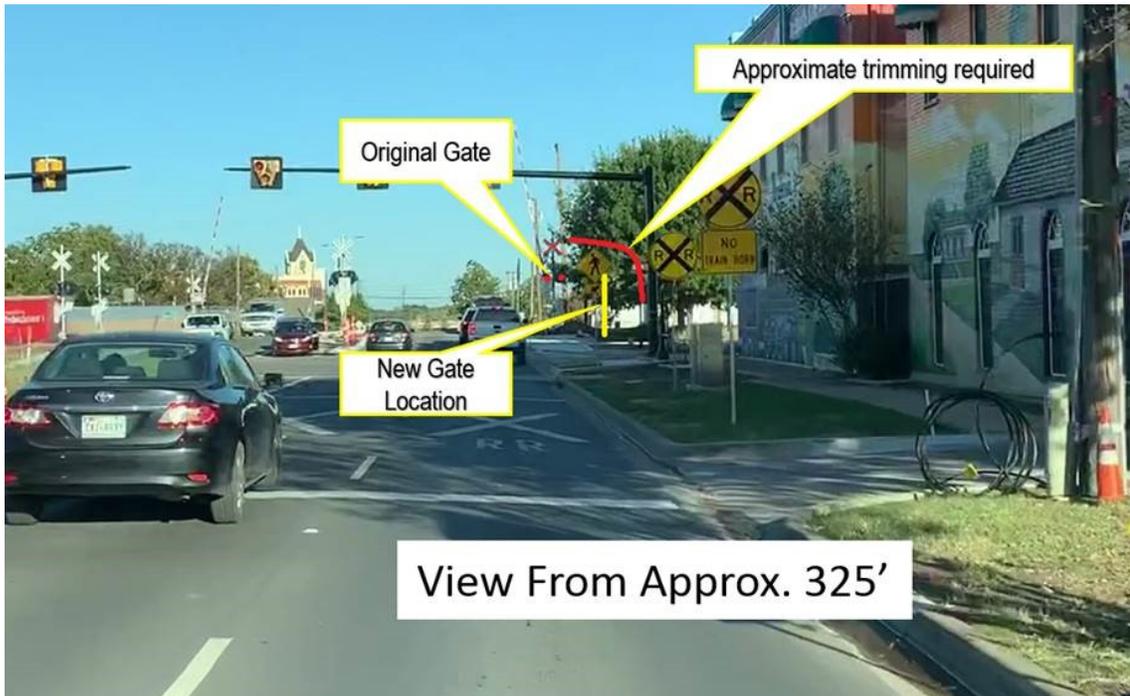

H. Director of Finance Recruitment Update

The Director of Finance position recruitment was officially opened on Tuesday, October 22. Ralph Andersen & Associates will engage in an active nation-wide search to attract well-qualified candidates for consideration. The recruitment period will close on November 25. The city will review the top list of candidates the week of December 16, with interviews being held the week of January 6, 2020. The recruitment brochure is attached on page 18.

I. Old Town Quiet Zone Update

This project required the shifting of the railroad crossing arms further from the street to accommodate the proposed wider sidewalk widths. Because of this shift, UPRR requires that two mature Oak trees at the north end of the Main Street parking lot will need to be trimmed so that sight distance to the flashing beacons is maintained. These trees are mature and provide an important aesthetic to Old Town. However, UPRR will require this sight distance for safety and ultimately acceptance of the Quiet Zone. As a result, staff is procuring trimming quotes by a local tree service to raise the canopy to satisfy

the sight distance requirements with attention to preserving the integrity of the trees and appearance of the corridor.

J. Interim Assistant Fire Chief Named

Battalion Chief Casey Davis has been named as the interim Assistant Fire Chief as a result of Brent Batla's recent resignation to accept a promotional job opportunity as Fire Chief at Horseshoe Bay. Casey will continue his Battalion Chief duties overseeing the City's Emergency Medical Services (EMS) Program, as well as assuming additional responsibilities as Assistant Fire Chief until a permanent replacement is decided. We are currently working through the details and timeline to begin the replacement process. We want to extend our thanks to Casey for his willingness to serve in this acting role.

K. Shannon Creek Addition

Staff received some concerns that water was not draining properly from the intersection of Stillwater Drive and Laramie Lane and inquired if there should be storm inlets constructed.

Roadways are designed in a manner to carry stormwater in heavy rain events within the right-of-way. In the event, the right-of-way will not hold all of the storm water storm inlets are constructed to carry the excess water underground. The right-of-way for Stillwater Drive and Laramie Lane is capable of carrying all of the stormwater out to the floodplain. This is why residents do not see the storm inlets in this area. Rainwater is expected to flow along the gutters of the roadway and the area is to dry up within 24 hours of a rain event.

Staff visited the area after receiving the concern and observed on two different occasions, sprinkler systems on at several residential lots near this intersection. There was excess water observed running over the sidewalk and into the roadway which was then conveyed to the intersection. This water eventually ran across the parking lot and out to the parkland/floodplain as designed. From staff's visual assessment, there was plenty of fall, and no ponding was observed while the sprinklers remained on. Staff did observe some stains within the intersection where water may pond. The site visits occurred in the early morning on two different days of the week. Water runoff from sprinklers were observed each visit. It appears that if sprinklers are active almost every day, there may not be enough time in between where the water may evaporate and dry up. Staff has initiated a public education campaign to educate homeowners about the overuse of sprinkler systems in the area.

While the roadway appeared to have adequate fall, survey shots were taken at the intersection and a couple of hundred feet outside of the intersection. The data indicates that the roadway was constructed in conformance with the design plans and there is adequate fall to convey the water through the intersection.

L. Health Insurance Benefits Committee Update

The Wellness Committee was recently combined into the Health Insurance Benefits Committee. The Health Insurance Benefits Committee met on Tuesday, October 22.

The committee reviewed the health plan, and it is performing well and no stop loss reimbursements thus far in the plan year. Open Enrollment is in progress through October 25. The feedback indicates employees are satisfied with the plan designs for 2020. The committee asked about part-time benefits. The city does not offer part-time group health, but given committee comments, we will explore trends and benchmarking for follow up.

In the area of Wellness, the lunch and learn topics are being received positively, and we solicited feedback for additional topics in 2020. The Flexible Wellness Reimbursement program is also being received as a positive change in the Wellness program. Derek Rose at the BRiCk recently completed his Personal Trainer Certification and will be launching a City Commit to Fit program in January. Two wellness related businesses are coming to town, so we will reach out to inquire about partnership discounts.

United Way fundraising ideas were discussed for 2020, and those ideas will be further reviewed with Brandi Rendon, our United Way contact at the city, and city management for implementation.

Other items for discussion were various methods to improve communication with employees such as a Facebook group, consideration to bring back the prior Sick Leave payout policy, and a subsidy or discount for daycare. The noted items and ideas will be

prioritized for review of options and follow up with relevant parties, including City Management and Council.

M. LumberjAX Axe Throwing Specific Use Permit (SUP) Amendment

The owner of LumberjAX Axe Throwing Facility located at 138 North Wilson Street has requested to modify the SUP associated with the site to allow sale of beer, wine and food on site.

The current SUP reads: “Food and alcohol being brought from the outside will be allowed during the patrons’ reserved times although there will be no food or alcohol sales on site”.

The amendment request reads: “Food, beer and wine will be sold on-site. No outside food or drinks will be permitted.”

The Planning and Zoning Commission considered this request at their October 15 meeting. The ultimate vote was to allow the amendment with the conditions as follows:

- Beer and wine sales may commence upon receipt of a permit from the Texas Alcoholic Beverage Commission (TABC);
- Patrons may continue to bring in food and drink at the applicant’s discretion until January 1, 2020; and
- The site will obtain and maintain all appropriate food and beverage permits through the state.

There was a significant discussion related to TABC permitting and regulations with some uncertainty as to what the TABC specifically allows in relation to the city’s local option regulations. Given this uncertainty, a request has been made from the Planning and Zoning Commissioner for additional TABC information and to potentially reconsider the request pending the additional information.

To keep the applicant on schedule for the November 11 City Council meeting, a special P&Z meeting has been scheduled for November 5 at 6:30 p.m. The meeting will include a briefing from the City Attorney’s (TOASE) office related to TABC and city regulations with respect to sale and consumption of alcohol. Upon completion of the briefing, P&Z will vote to determine whether to reconsider the LumberjAX SUP amendment. If they choose to reconsider it, staff will provide a presentation, a public hearing will be conducted, and a vote on the amendment taken.

As mentioned above, this item is scheduled for consideration by Council on November 11. The City Attorney presentation on TABC/City regulations will occur in Work Session prior to consideration of the item.

N. New Cold Storage Facility chooses Highpoint Business Park

Burleson Economic Development Corporation announced today that Yukon Ventures,

LLC will be opening a new refrigerated and cold storage distribution center in Burleson, Texas. This project is a joint venture with Marty Khait, principal of Yukon Ventures and Anthony Rinaldi, managing partner of Saxum Real Estate. The entire project, which will involve new construction and state-of-the-art design and build-out is projected to exceed \$50 million.

"The City of Burleson, and specifically the Economic Development team has been a pleasure to work with since the start of the RFP process. They've been responsive, fair, and eager to win our business for their community," said Marty Khait. "We're excited to break ground on our project, another much needed cold storage facility for the metroplex."

"With the success our community has had over the past few years within the food industry it is a great achievement for our team to be able to be a part of an amazing development from Yukon Ventures and Saxum Real Estate," said Alex Philips, economic development manager for the City of Burleson. "We look forward to the project progressing and welcoming them to Burleson's Highpoint Business Park. We truly are, Hometown, Done Right!"

The project is slated to start construction early 2020 with a scheduled completion in the fourth quarter of 2021. Premier Refrigerated Warehouse will be the anchor tenant leasing 200,000 square feet of the new facility upon completion. Marty Khait adds, "The incredible customer base in DFW, combined with the metroplex' world-class distribution infrastructure, creates an environment ideal for cold storage users. We are excited to offer them another option with our project."

"We are incredibly happy that Yukon Ventures, LLC, selected Burleson as the location of their new 400,000 square-foot facility," said Burleson Mayor, Ken Shetter. "Yukon Ventures will become a vital piece of Highpoint Business Park, continuing to solidify Burleson as a city of choice for thriving businesses considering growth or expansion. Finally, when it comes to economic opportunity, I would encourage businesses to join Yukon Ventures and bet big on Burleson!"

O. City Council approves funds for fire station relocation

Burleson City Council approved construction costs for the relocation of Fire Station No. 2 during its regular meeting on Monday, October 21.

The new facility will be located at 250 E. Hidden Creek Parkway, near the intersection of E. Hidden Creek Parkway and S. Dobson St. The new

building will replace the existing Station 2, which was built in 1995 and is located at 620 Memorial Plaza.

“Station 2 will be located off of Hidden Creek Parkway with quick access to Interstate I-35W while providing strategic access to major roadways for maximum efficiency in our response,” said Fire Chief K.T. Freeman. “With the growth of the city, the current location of Station 2 is hindering response capabilities to the city’s southern border, HighPoint Business Park and Hidden Vistas subdivision, as well as future residential development that will be located on CR 714.”

Originally built for one crew and minimal vehicles, Station 2 currently has limited amenities for the firefighters it houses. The proposed station will be able to house additional fire apparatuses and crews assigned to that district with room to grow. The new station will also meet modern standards for firefighter safety for decon-ing gear. Also included in the layout is an emergency operation center which will assist in increasing the city’s ability to respond to disasters.

“We also want to make sure that the residents and business owners who currently are close to Station 2 understand that even with the move response times will remain consistent with the average response times throughout the city,” states Chief Freeman. “The city also has an automatic/mutual agreement with Fort Worth’s Station No. 42, located at Spinks Airport, which automatically will respond to any reported structure fire in this area.”

Newsome Construction Inc. was selected through a competitive bid process and will be providing the design, engineering and construction for the new fire station in an amount not to exceed \$5,662,087. The funding is provided by bond sales and no increase in the property tax rate will be necessary.

Construction is expected to begin in November 2019 with completion in mid-2021. Firefighters will remain at the current station on Memorial Plaza until construction is complete.

P. TXDOT to start conversion on I-35W service roads to one way

Due to the dangerous nature of the existing two-way frontage roads along I-35W south of Ricky Lane to the city’s southern boundary, TxDOT will be converting the frontage roads to one-way. One-way frontage roads help to improve safety and mobility as well as reduce wrong-way entrance onto highways. Typically, two-way frontage roads will be converted to one-way as an area becomes more urbanized and development along the corridor increases creating additional travel demands. TxDOT has been evaluating

converting the two-way frontage roads from Ricky Lane to CR 604 for several years and conducted public meetings to discuss the concerns of the land owners.

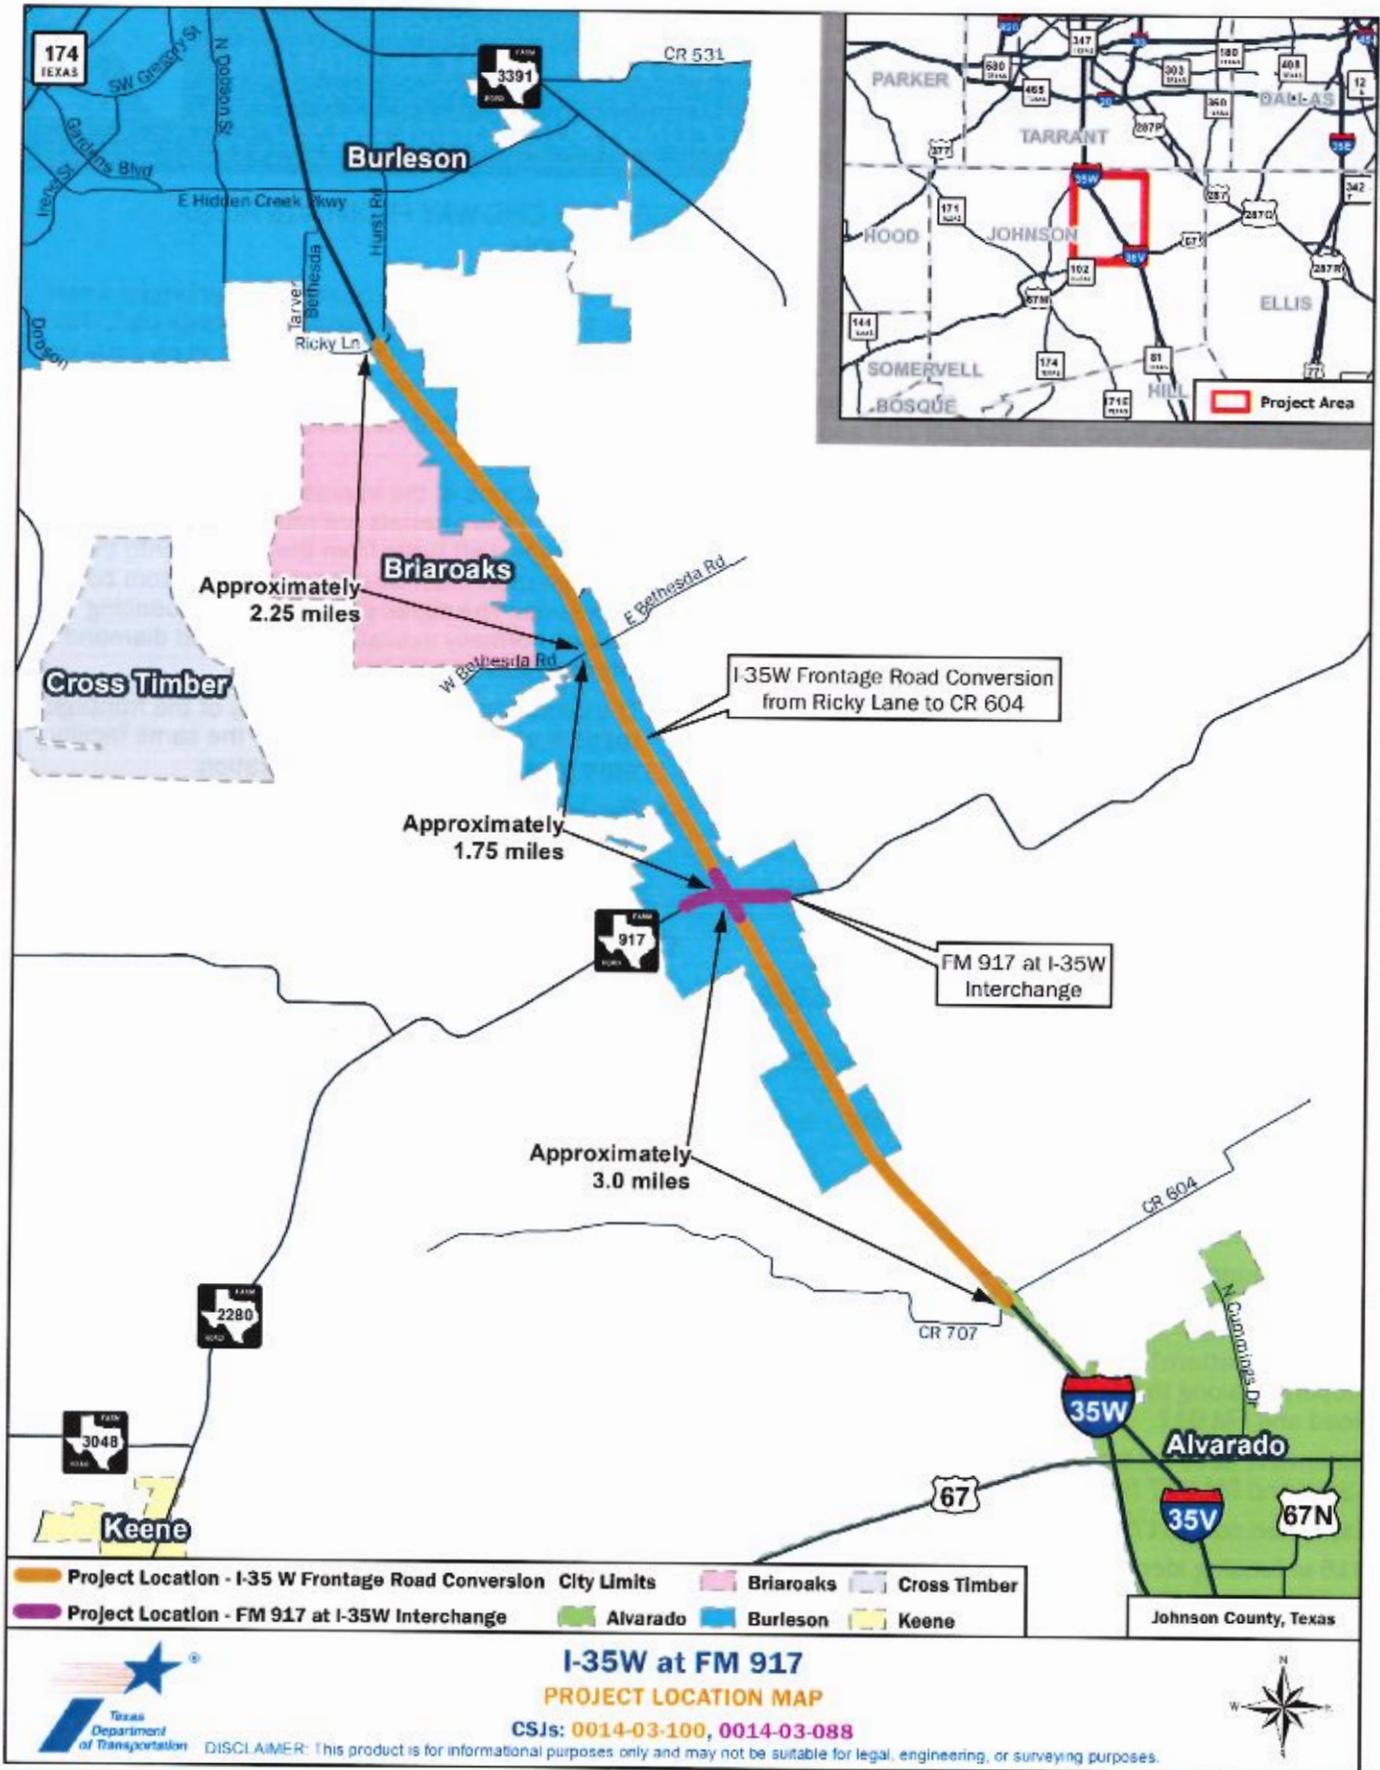

TxDOT will begin the process of converting the two-way frontage roads to one-way frontage roads from Ricky Lane to County Road 604 the week of November 4, 2019 starting with the southbound frontage road. In order to control the traffic at the exit and entrance ramps, barrels will be set up to direct traffic in a one-way flow pattern to the south. Construction crews will also begin any utility work including storm culvert replacement / extension.

The conversion of the northbound frontage road is scheduled at this time to begin the week of February 2020. This is dependent on any weather delays or unforeseen events that arise during the southbound conversion. Barrels will be placed to control the traffic in the same manner as above and utility work will also be occurring simultaneously.

TxDOT construction crews will resurface stripe the frontage roads after all work associated with the conversion has been completed. Resurfacing is anticipated to begin in April 2020.

TxDOT also proposes to reconstruct the FM 917 bridge after the conversion of the frontage roads are completed. Schedule for the start of the reconstruction of the bridge has not been determined at this time.

Please contact the Johnson County Area office at 817-202-2900 for any questions concerning this project.

January 29, 2019 Public Meeting
 CSJs: (1) 0014-03-100 & (2) 0014-03-088

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S. Code Section 327 and a Memorandum of Understanding dated December 16, 2014, and executed by FHWA and TxDOT.

III. Upcoming Road Construction/Closures

Upcoming Road Construction/Closures			
Project & Limits	Current Status	Traffic Affected	Estimated Completion
Renfro Street Medians in Old Town: Johnson to IH35W	<i>10/25 UPDATE</i> Walkthrough complete; punchlist items scheduled to be worked on next week	Possible Lane closures when Oncor sets street lighting or when plants are being replaced otherwise all lanes are open.	City staff continues to push Oncor for street lights. Contractor will be working on punchlist items prior to final acceptance.
Old Town Quiet Zones: RR xings at Commerce, Renfro, Ellison, Eldred	<i>UPRR is continuing work on new gates. Once UPRR finishes, the Contractor will be able to proceed.</i>	Traffic may be stopped by UPRR for new gate installation as necessary. UPRR anticipates completion by Nov. 1.	Start in June 2019, End in February 2020. Work is dependent on UPRR's progress.
NW Renfro Improvements: Wilshire Blvd. To Cindy Lane	<i>All pavement poured. Pavement Marking, Striping, Signage & Landscape/Irrigation pending.</i>	<i>10/25 UPDATE</i> All lanes open. Mobile traffic zone when striping begins (currently scheduled next Wednesday)	Early 2020
Wilson Street: W Ellison St to W Bufford St	<i>10/25 UPDATE</i> <i>Work to begin on 10/28</i>	Wilson St. between Bufford St. and Ellison St. In (in three segments)	November 8

IV. Upcoming Community Events

- **Saturday, October 26 from 10 a.m. - 2 p.m.:** Drug Take Back Event at Burleson Police Department
- **Saturday, October 26 from 6 - 8 p.m.:** Boo Bash at the BRiCk
- **Friday, November 1 from noon - 2 p.m.:** No Shave November Health Fair at the BRiCk
- **Saturday, November 2 from 9 – 10:30 a.m.:** Walking Connect with Council at Bailey Lake
- **Saturday, November 2 from 9 - 11 a.m.:** Hazardous Waste, Electronic Recycling, Paper Shredding Event, Municipal Service Center
- **Saturday, November 2 from 10 a.m. - 2 p.m.:** Historic Home Tours & Demonstrations at Russell Farm Art Center
- **Monday, November 4 from 6-7 p.m.:** Mayor's Youth Council Branding Forum at the BRiCk; FREE Pizza.
- **Saturday, November 9 at 2:00 p.m.:** Veterans Day Tribute at Veterans Memorial Plaza, 298 E Renfro St.

City of Burleson

Finance Director

The Opportunity

An outstanding executive career opportunity awaits a talented finance professional in one of the fastest growing areas of the nation. The City of Burleson seeks an experienced municipal finance professional to become its next Finance Director. The next Finance Director will have the opportunity to lead projects and initiatives that will dramatically modernize the financial systems of the City.

The City of Burleson, Texas

Located on the southern edge of the flourishing Dallas-Fort Worth metroplex, the City of Burleson has an estimated population of 48,950 residents in a land mass of 28 square miles. Burleson has been progressive in attracting businesses for economic development to diversify its tax base, as well as establishing development agreements within its extraterritorial jurisdiction to manage growth strategically outside its current borders.

The City of Burleson's family-oriented environment, outstanding schools, plentiful and affordable land, and rolling hills have made it a desirable community to live, work, and play. Burleson residents have placed a high value on nature and recreation with over twenty parks encompassing over 550 acres. The school districts serving Burleson consistently outperform state and national averages in college entrance exam scores, and its quality of life is further enhanced by a very low crime rate.

City Government

The City of Burleson operates under a council-city manager form of government. Citizens are represented on the City Council by the mayor and 6 council members, all elected at large to serve 3-year terms without limits. The Council is responsible for policy-making and general oversight and appoints the City Manager to conduct daily operations through a professional staff in accordance with the law and appropriate procedures. The City Council also appoints a City Attorney, a City Secretary, and a Municipal Judge.

The City Manager leads the provision of a full slate of municipal services, carried out by 397 full-time equivalent staff and a FY20 adopted budget of \$100 million. Services are delivered through 13 municipal departments.

The Position

Reporting to the City Manager, the Finance Director oversees the City's financial operations and programs, including financial reporting, accounting, accounts payable, accounts receivable, payroll, financial planning, budgeting, and debt programs. The Finance Director will oversee a staff of 8 employees, including an Assistant Finance Director.

The primary responsibilities of the Finance Director include:

- Ensure the highest level of financial accountability and transparency to the City Council, City management, and the City of Burleson's citizens. The Finance Director shall maintain and promote the highest ethical standards.
- Develop and manage the implementation of departmental goals, objectives, policies and priorities, and investment strategies for the Finance Department in line with the organizational strategic objectives.
- Manage and direct the administration of the City's accounting operations, which includes the City's financial system.
- Plan, organize, and oversee the annual budget process and capital improvement program budget.
- Produce monthly, quarterly, and year-end financial reports (Comprehensive Annual Financial Report).
- Serve as the City's liaison with external auditors, financial advisors, bond counsel, relevant committees, and bank depository and oversees banking relationships.
- Ensure the management of the payroll system for providing accurate and timely payroll processing, payment of payroll deductions and taxes, and establishing proper internal control procedures.
- Develop, monitor, and implement the cash management program for the City, including oversight of the City's investment portfolio.
- Hire, supervise, evaluate, and develop assigned staff to ensure the City's finance and accounting functions are carried out in a manner that is in compliance with applicable regulatory requirements and with the goals and policies of the City Council.
- Establish and maintain positive relationships with various city staff and officials, representatives of community organizations, state and local agencies, consultants, and members of the public.
- Monitor and react to changes in Government Accounting Standards Board (GASB) pronouncements.

Challenges and Opportunities

The next Finance Director will be presented with a number of known challenges and opportunities in which to excel including:

- The City's continued growth will increase its complexity and, along with the capabilities of modern systems, will likely necessitate the need for a new Enterprise Resource Planning (ERP) system. The next Finance Director will play a key role collaborating with other City Departments in the selection of a vendor and the subsequent implementation.
- Enhanced financial reporting will be a focus area for the next Finance Director, including the ability to link financial metrics to the progress toward the City's strategic plan on a quarterly basis.
- The arrival of a new Finance Director will bring opportunities to consider a minor reorganization of functions related to finance.
- A dedicated staff in the Finance Department will allow the next Director the opportunity to develop the department to increase its capability and performance, including the ability to provide timely financial information and enhanced financial support to the various City departments.

The Ideal Candidate

In addition to being ethical, well-qualified, and experienced, the next Finance Director must possess certain traits that will be essential for success:

- A collaborative and team-centric approach, especially in the context of the City's various operational departments. The next Finance Director should be a progressive problem solver and be oriented toward finding ways to say "yes."
- As the implementation of a new ERP system is likely, prior experience with such an implementation would be beneficial.
- Experience gained primarily in a public agency is strongly preferred, especially in a municipal setting.
- The ability to plan and operate with a strategic, multi-year outlook will align well with the City's overall strategic outlook.
- Strong communication skills, in all forms and with all audiences. The next Finance Director must be able to explain, with confidence, financial information and concepts to a variety of audiences.

Qualifications

Any combination of education and experience that would provide the required knowledge, skills, and abilities is considered qualifying. The following is a typical way to qualify:

Education: A Bachelor's degree from an accredited college or university in Accounting, Finance, or a related field. A Master's degree in Accounting, Finance, Public Administration, or Business Administration is preferred.

Experience: Ten or more years of progressively responsible experience in finance with a minimum of three years in a management capacity. Preference will be given for candidates with experience in municipal finance.

Compensation and Benefits

The City of Burleson offers a highly attractive salary and benefits package for the position of Finance Director. Salary is negotiable based on qualifications and career experience.

The City of Burleson offers an excellent benefits package including the following:

Retirement: Texas Municipal Retirement System (TMRS) with a 7% employee contribution and a 2:1 match by the City of Burleson.

Insurance: The City provides excellent insurance benefits for employees including 2 health plan options, dental coverage, and vision coverage. Additionally, life insurance, long-term disability, and an Employee Assistance Program are City provided. Employees have the option to purchase additional life insurance for themselves and their dependents.

Leave: The selected candidate will receive vacation leave and sick leave, in addition to paid holidays, a personal day, and a wellness day, provided criteria are met.

Interested candidates are encouraged to contact Ralph Andersen & Associates for further details regarding the compensation and benefits package of this executive position.

Recruitment Process

Interested candidates should apply by **November 25, 2019** to Ralph Andersen & Associates by submitting a compelling cover letter and a comprehensive resume to apply@ralphandersen.com. Top candidates may be asked to complete a supplemental questionnaire with responses to specific questions.

Recruitment Timeline

- Recruitment Closes: November 25, 2019
- City Review of Candidate Submittals: Week of December 16, 2019
- Panel Interviews: Week of January 6, 2020

For further information or questions on the recruitment process, please contact Mr. Greg Nelson at (916) 630-4900. Confidential inquiries are welcome.

This recruitment incorporates existing rules and regulations that govern public sector recruitments in the State of Texas. In accordance with public disclosure/open record laws, information submitted for consideration may be made available to the public upon request by interested parties.

Proposition #4

Personal Income Tax

Proposition 4 (HJR 38) “The constitutional amendment prohibiting the imposition of an individual income tax, including a tax on an individual’s share of partnership and unincorporated association income.”

Explanation

Proposition 4 would prohibit the Texas Legislature from establishing a personal state income tax.

Arguments For

- A 2019 poll by the University of Texas at Austin and the Texas Tribune found 71% of respondents oppose an individual state income tax. *
- Texas has a low-tax, pro-growth approach to economic expansion, and that is dependent on having no personal income tax.
- This amendment could support population growth in Texas, as families and businesses may move to Texas because there is no state income tax.
- An income tax would also increase the size of government by requiring a large bureaucracy to administer it.

Arguments Against

- This amendment is not necessary because the Texas Constitution now prohibits the Legislature from imposing an income tax without a statewide referendum (Art. 8, Sec. 24, adopted in 1993). In addition, any net revenue from that tax must be used for the support of education.
- Revenue from an income tax could reduce the tax burden on businesses, which pay a higher proportion of taxes in Texas than in other states.

- The current Legislature and today's voters should not make taxation decisions for future Texans. The needs of Texans change over time, so future Texans should make their own choices on taxation.
- One reason Texans pay high property and sales taxes may be because Texas has no income tax. If Proposition 4 passed, these taxes would likely continue to increase, so Proposition 4 would not necessarily decrease the size of state government.

Memo

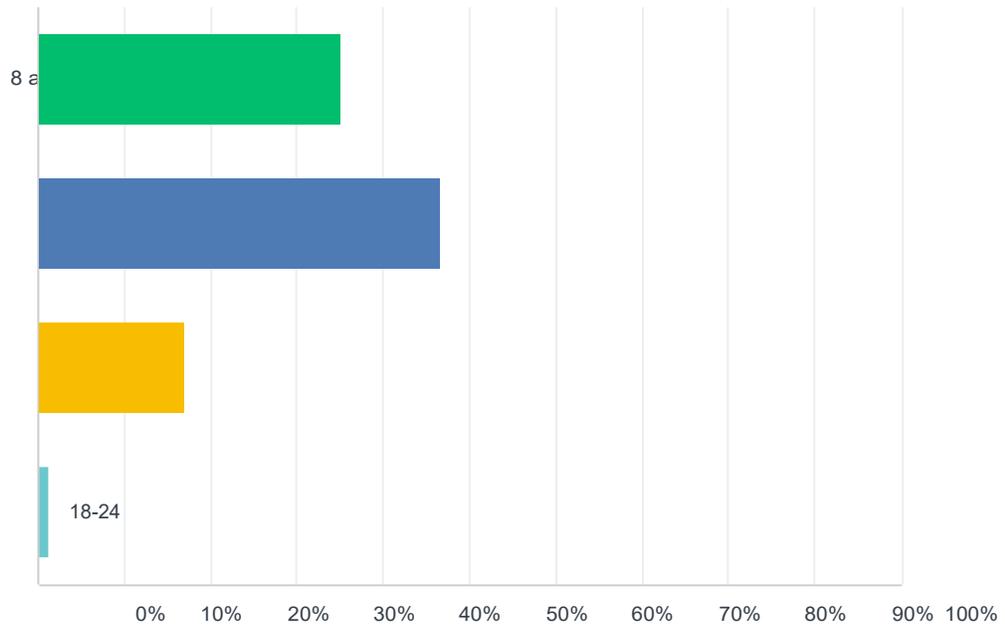

To: Mayor Shetter and Councilmembers
From: Marc Marchand, Director of Recreation and Lifelong Learning
cc: Weekly Report
Date: October 25, 2019
Re: Parks Master Plan Youth Outreach Results

Parks Master Plan Youth Outreach Results On June 17, 2019, City Council received a report on the proposed Parks, Trails, and Recreation Master Plan. Council expressed a desire to provide additional opportunities for youth input on the plan. Staff developed a revised survey and began collecting surveys from the youth of Burleson on Monday, September 16, 2019 and concluded the survey on October 11, 2019. Ideas and feedback generated from the youth survey will be included in the Parks, Trails, and Recreation Master Plan.

Staff received more than 2,300 responses to the survey, and the results are included in this report.

56	track/ trail.	9/18/2019 11:21 AM
57	paintball arena	9/18/2019 11:21 AM
58	I would really love to have like a skating rink or a playground and splash pad	9/18/2019 10:48 AM
59	My ant has a dog so ya dog park	9/18/2019 10:26 AM
60	a climbing park	9/18/2019 9:21 AM
61	Good areas	9/18/2019 9:20 AM
62	Why only one? Dream park makes optimal use of area and can provide multiple options, preferably covered	9/17/2019 8:26 PM
63	Splash pad, water park, and playground even if fee is associated like dove water park in grapevine.	9/17/2019 6:47 PM
64	parks where you can ride horses	9/17/2019 6:26 PM
65	Volleyball court not sand	9/17/2019 4:34 PM
66	Basketball 1/2 court, volleyball, skatepark	9/17/2019 4:04 PM
67	i love meat balls love me pappy	9/17/2019 2:01 PM
68	and also a splash pad for extra fun	9/17/2019 1:56 PM
69	Anything with working water providers and im good, just fields and terraining.	9/17/2019 1:10 PM
70	video game station	9/17/2019 12:11 PM
71	and slash pad	9/17/2019 12:08 PM
72	All of the above!	9/17/2019 11:57 AM
73	and kpop things	9/17/2019 11:52 AM
74	wide open place for dog and their oner and a volliboll net and lits of shad	9/17/2019 11:36 AM
75	cat park	9/17/2019 10:58 AM
76	basketball courts	9/17/2019 9:07 AM
77	Volleyball	9/17/2019 9:04 AM
78	Skate park too.	9/16/2019 11:14 PM
79	Obstacle course	9/16/2019 9:03 PM
80	Zip line and ropes courses for kids	9/16/2019 7:57 PM
81	And more playgrounds with different climbing features	9/16/2019 6:43 PM
82	See saw	9/16/2019 6:11 PM
83	Disc golf, "nature obstacle course" (he likes the nature themed playgrounds that utilize natural elements)	9/16/2019 6:09 PM
84	Football park	9/16/2019 2:47 PM
85	i want a skatepark becuase i am a bmX bike rider	9/16/2019 2:30 PM

86	a zipline	9/16/2019 2:29 PM
87	EVERYTHING	9/12/2019 3:50 PM
88	EVERYTHING	9/12/2019 3:50 PM
89	volleyball net	9/12/2019 3:02 PM
90	Pool	9/12/2019 3:02 PM
91	Soccer feild	9/12/2019 2:11 PM
92	enough sports fields/courts so you don't have to wait to play or you can shoot by yourself if you don't want to play with others	9/12/2019 12:35 PM
