C. Employee of the Quarter

Collin Gregory, the City of Burleson's Employee of the Quarter, was nominated for his positive attitude and willingness to always assist other departments, even at the last minute.

Collin was recognized for his dedicated work in the Marketing and Communications Department, producing quality photos and videos. This department is interwoven into every aspect of the

City of Burleson, which means Collin is constantly interacting and providing service to all city departments and citizens.

With that comes a high demand of Collin's time and talent. "Collin is known for his willingness to jump in, respond to last-minute requests, provide excellent work, and to do so with a caring, jovial attitude," states his nomination form.

During discussions among the employee of the quarter committee members, every representative had the same level of experience with Collin, high regard for quality and customer service despite the volume of projects. Collin's work helps educate and highlight the commitment the city has to its citizens, including the work performed by our dedicated public servants.

While Collin's work is mainly behind the scenes, it plays an integral part in how others see the city. His work brings light to our wonderful community and those that work so hard to ensure its needs are met.

Collin has been with the City of Burleson for a total of eight years, from 2005 to 2010 and then again since 2017.

Collin will be honored at the January 6, 2020, City Council meeting. The city's employee of the quarter award is based on an employee's efficiency, transparency, honesty, innovation and customer service, all of which make up the city's ethics statement.

D. Police Department Top 10 Most Wanted FAQ's

Why do we have a Top 10 most wanted?

The Top 10 listing was created with the idea garnering leads from the general public for subjects with outstanding warrants. Since the Top 10 was started, police has gained valuable leads that have led to the apprehension of several parties. For example, detectives had a sexual assault suspect who had fled to Ohio. Through a Top 10 lead we they were able to coordinate with the US Marshal's office and the offender was arrested.

Why is the Top 10 distributed on social media on Fridays and can it be adjusted to go out on a Monday?

The decision was made at the City Management level that the Top 10 would be distributed in conjunction with the weekly Friday report that goes out to all employees. After speaking with the Chief of Police, the Top 10 list will be continued to be distributed to city employees on Friday, however it will be released on social media the following Monday.

How is the Top 10 created and what is the selection criteria for the individuals who are placed on the list?

Criminal Investigations has been tasked with preparing the Top 10 list around the first of

each month. The task of actually producing the list has been delegated to the Crime Analyst position, but final approval is completed by Criminal Investigations Sergeant prior to the distribution. The selection criteria and procedures were approved by CID and are the following:

- Type of criminality in conjunction with level of offense. I.e. violent v. property
- Quantity of offenses a subject is wanted for. I.e. A subject has a felony warrant and three misdemeanor
- Warrants near expiration
- Direct victimization. I.e. the victim of an offense is an individual and not a business
- All remaining felonies
- All remaining misdemeanors (B or above)

Who gets the tips from the Top 10 email?

top10@burlson.tx.com was created to disseminate the information being provided to Dispatch, SRT, CID, and Patrol supervision.

Who is responsible to act upon the information obtained through tips provided?

When staffing and time allows, all officers have a responsibility to attempt to effect the arrest of a known wanted subject. With the creation of the top10@burlson.tx.com it was the hope that we would all police staff are able to communicate and de-conflict with each other in reference to what efforts are being taken to arrest these individuals.
