

## Reminders

- ◆ Signs may not be placed on City property, including but not limited to, sidewalks, parks, municipal facilities, and drainage and/or utility easements.
- ◆ Signs may not be placed in the public right-of-way.
- ◆ Right-of-way widths vary throughout the city. A general rule of thumb is to place signs 10-12 feet back of the curb. Check with the City if you are unsure of any right-of-way width.
- ◆ Signs placed on private property require the owner's authorization.
- ◆ Signs cannot be placed on utility poles.
- ◆ If you have any questions regarding the City of Burleson sign ordinances, please contact the code enforcement office at 817-426-9872 or 817-426-9875.

## Political Signs

A Guide for Political  
Candidates

## For Your Information

The City of Burleson has produced the enclosed information regarding the placement of signs for the benefit of political candidates and others who wish to help with candidates or election campaigns.

It should be noted that political candidates are the responsible party for any sign placed, erected or maintained on their behalf. Additionally, candidates are responsible for the removal of the signs at the conclusion of the election.

Political signs are defined as a temporary sign supporting, encouraging or identifying any candidate, proposed amendment, bond proposal or other issue in any upcoming political election. Political signs should not be displayed before 60 days preceding the date of the election, and must be removed within 72 hours of the conclusion of the election.

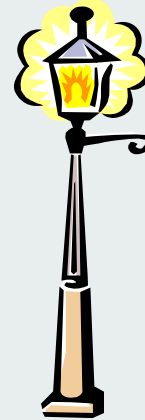

Political Signs

Sign may not be placed on private property without the express consent of the owner or tenant of that property.

Any political sign found to be in violation of any of the provisions of any ordinance of the City of Burleson may be removed by the City.

## Political Signs Cannot Be Located.....

.....on or attached to utility poles, towers, or other structures owned or used by any utility company.

.....within any public right-of-way or defined visibility triangles which occur at every intersection. This is an area located at the intersection of two streets, or a driveway and a street, access easement or alley or any combination thereof. The visibility triangle shall measure seven (7) feet by sixty (60) feet from the intersection of the pavement with the property line. For uncontrolled intersections, the visibility triangle shall measure twenty-five (25) feet from the property corner in each direction along the property line.

.....within or on any publicly owned property, including but not necessarily limited to, parks, municipal facilities, and drainage and/or utility easements.
