A few weeks ago, citizens were reminded of the goal of the 2011 Fire Prevention Week campaign . . . to prevent the leading causes of home fires. In November, when the daylight saving time falls back one hour at 2 a.m. on Sunday, Nov. 6, residents are reminded to not only change the time on all clocks, but also to change the batteries in smoke detectors and carbon monoxide detectors.

The Burleson Fire Marshal's office is joining with the Energizer Bunny Brigade and asking everyone to take the pledge on Energizer's "Change Your Clock, Change Your Battery" Facebook page, www.facebook.com/EnergizerBunny. There's something in it for Facebook fans too. Through the "Facebook event that could save your life," fans could win a Fire Safety Home Makeover which includes a fire safety inspection and \$5,000 cash towards recommended fire safety improvements.

The fire marshal's office put up a "Change Your Clock, Change Your Battery" banner this week at Fire Station #1 on Alsbury Boulevard. Fire Marshal Stacy Singleton and Fire Investigator David Butler will assist citizens in putting up smoke detectors and changing the batteries, but they can not supply the battery or detector.

For more information about fire protection or the Energizer campaign, call Fire Marshal Stacy Singleton at 817-426-9174.
