The Burleson Mayor's Youth Council is hosting its first Burleson Youth Forum Thursday, May 17.

The meeting targets students 13-18 years old. It will take place at the BRiCk, 550 N.W. Summercrest Blvd. The forum is 5 p.m.-7 p.m. with registration at 4:30 p.m. Qdoba will provide the brainstorming food.

Members of the Mayor's Youth Council (MYC) have some ideas to bring to the table, but they also want to hear from fellow classmates and neighbors via multiple roundtable discussions. The goal is to discuss and select a way to offer a one-stop shop (website, Facebook page, database) for youth to find community service and other activities.

The goal on May 17 is to reach out to 100 youth and key community leaders and bring them together to identify ways to effectively spread the word concerning the options for students who live in and attend school in Burleson.
