

City of Burleson, Texas

Animal Care and Control
FY 11- 12

July 2012 Monthly Report

Protect and serve the citizens of Burleson by enforcing state health and safety codes and the local animal care and control ordinance, by educating citizens on animal-related issues, and by maintaining a clean, efficient, and humane animal shelter.

Summary

Burleson Animal Services is committed to protecting and serving the citizens of Burleson as well as the animals of Burleson. The animal services responds to a variety of calls including but not limited to at-large animals, animals in traps and nuisance barking animals.

The shelter provides a temporary safe haven for lost, abandoned or unwanted animals and attempts at finding reliable adopters, reputable rescue groups and loving owners for these animals.

In addition to these services the shelter also provides education services to the public regarding bite prevention, rabies prevention, and responsible pet ownership and proper dog training and behavior.

General Information FY 11-12

To date we have had:

- 6,976 telephone calls
- 1,739 field calls for service
- 4,277 visitors to the shelter
- 182 non-court ordered volunteer hours

Field Services

- To date **1,739** calls for service have been completed.
- **Five Hundred and Two** (502) written warnings
- **Forty Seven** (47) citations have been issued to date.
- **Thirty Three** (33) animals have been brought in for Rabies Quarantine.

July 2012

Animals Handled 07/12

- **162 Animals were handled in the Month July 2012.**
- **Of the 162 animals handled approximately 96% were live released**
- **66 animals were euthanized**
- **Of the 66 animals euthanized, 9 were feral cats.**
- **3 animals or 5% were euthanized due to space**

Revenue 07/12

- \$880 from adoptions
- \$765 from microchips
- \$840 from vaccinations
- \$512 from donations
- \$360 from impounds.
- \$250 from vouchers for Rabies shots
- \$100 From Multi-Pet Permits
- **\$3,707 TOTAL**

Field Services

The Animal Services division responds to approximately 1,900 calls for service each year, with numbers peaking during the warmest months and declining during the coldest.

Attempts to educate and mediate are most often the first method of resolution. When these techniques fail or are ignored a written warning or citation may be issued. These methods help to reduce the number of repeat offenders, animals impounded and more effectively manage long-term problems. These actions are taken to enhance public safety and animal welfare.

Total Revenue

Burleson Animal Shelter responded to **146** calls in **July 2012**. Normally Animal Control sees a decrease in requests for service during the cooler months and an increase during the warmer months. Throughout the year however, the calls we mostly receive pertain to either a stray dog running at large or an owned dog being allowed to roam freely.

Number of Calls by type yearly total

July 2012 – 162 Totals

July 2012- 162 intake

Euthanasia Information

The chart below depicts euthanasia numbers on a month to month basis. Please note the increase during warmer months.

Euthanasia Numbers by Reasoning

The graph above depicts euthanasia numbers by reason. Feral and wildlife typically consume a large portion of our euthanasia numbers.

Rescues

Animals are typically released into the custody of rescue for a myriad of reasons including but not limited to: Space, Illness/Injury, Breed-Specific Rescue, or Age.

Volunteer Hours

Volunteers perform a myriad of tasks at the shelter, from socializing dogs and kitties to helping clean and also giving much needed baths to puppies and helping at off-site adoption events.

General Information

Phone Calls and Visitors

Phone calls and visitors are depicted in the graph above. Phone calls typically increase with season changes and visitors tend to fluctuate on an unforeseen basis.

Animal Shelter Statistical Summary

Ebb and Flow of animal intake: As depicted in the graph below, animal intake increases significantly in warmer months and drops in cooler months. This is typically associated with an increase in puppy and kitten season in warm months. Adoptions do not typically increase in intake so euthanasia rates generally increase instead.

Definition of Terms

Adoption: Animals released to new homes through a signed contract agreeing to have the animal sterilized and vaccinated for rabies.

Adoption Returns: An animal adopted and then returned to the shelter.

After hour's calls: Calls received and completed after normal business hours.

Animal returned in field: Animals picked up by an animal control officer and then taken home rather than brought to the shelter.

AniMeals: Program through meals on wheels which encompasses donating animal food to the recipients of meals on wheels such as invalids and the elderly.

Barking: Complaint of a dog barking for several hours, without provocation or reason.

Community service hours: Number of court ordered community service hours performed.

Cruelty Investigation: An investigation performed to determine if an animal has been mistreated or abused.

DOA (Dead on Arrival): An animal that arrives to shelter deceased.

Euthanasia: The act of “mercy” killing, for sick, injured or unwanted animals in a shelter.

Age- An animal too young for adoption, or too old to safely place.

Aggression- An animal displaying fractious or potentially threatening behavior.

Behavior- An animal which displays traits that prevents it from being properly contained or extreme destructivity. E.g. Jumps fence, barks excessively, anxiety disorders.

Feral- Any undomesticated animal.

Injured- An animal with broken bones, punctured / perforated organs or large, open wounds.

Medical- An animal with a non-communicable disease such as heartworms or organ failure.

Pregnant- An animal displaying signs of pregnancy.

Request from owner- Animals surrendered to shelter for euthanasia, due to medical issues.

Sick- An animal with a communicable disease that cannot be properly housed away from other other animals without potentially spreading the disease to them such as Parvovirus or distemper.

Space- The lack of cages or kennels in the shelter.

Wildlife- Any non domesticated animal.

Fees collected: Funds collected either from adoption fees, micro-chipping, vaccination or reclamation fees.

Food donation: Animal food given to citizens who request it due to inability to provide food for themselves.

Fosters: An animal placed in temporary custody until ready for adoption.

Intake: Animals admitted to the animal shelter. These include animals surrendered by the general public, picked up by an animal control officer and animals born at the shelter.

Reclaimed: Animals returned to their owners from the shelter.

Transfers: Animals sent to a rescue group, humane society, or another shelter.

Low-cost vaccination: Vaccinations given at a steeply discounted rate to provide access to people with a lower income.

Microchip: A small implant done under the skin to achieve permanent identification of an animal.

Multi-pet permits: Inspections and investigations performed to be allowed to own more than four (4) animals within city limits.

Off-site adoption: An adoption event at an offsite location such as a city event, or PetSmart type location.

Owner surrender: An animal willingly surrender to the shelter by their owner.

Phone calls: Any incoming telephone call to the shelter.

Rabies: A disease naturally occurring in the wild that primarily affects bats, coyotes, foxes, raccoons and skunks but can be passed onto domesticated animals as well as humans and is fatal if not detected early.

Stray and at large: An animal not confined to its' owners property.

Total animals handled (intake): The raw number of animals brought to the shelter.

Trap request: A request put in to borrow a trap to trap feral, stray or wild animal.

Volunteer hours: Number of hours donated by registered volunteers.
