The average taxable value of a residence homestead in City of Burleson last year was \$122,387. Based on last year's tax rate of \$0.6940 per \$100 of taxable value, the amount of taxes imposed last year on the average home was \$849.37.

The average taxable value of a residence homestead in City of Burleson this year is \$125,268. If the governing body adopts the effective tax rate for this year of \$0.6800 per \$100 of taxable value, the amount of taxes imposed this year on the average home would be \$851.82

If the governing body adopts the proposed tax rate of \$0.6940 per \$100 of taxable value, the amount of taxes imposed this year on the average home would be \$869.36.

Members of the public are encouraged to attend the hearings and express their views.
