Members of Burleson Professional Fire Fighters Association Local #4025 are fighting back against cancer during Breast Cancer Awareness Month by selling t-shirts to benefit the Careity Foundation.

Burleson fire fighters are selling gray t-shirts with "Burleson Fire Department" entwined with the symbolic pink ribbon on the back of the shirt. The shirts are being sold at Fire Station #1, 828 S.W. Alsbury Blvd. Stop by between 8 a.m. and 5 p.m., Monday-Friday. Each t-shirt is \$20. T-shirt sizes range from adult small to 3X. There are a limited number of youth size t-shirts.

The Careity Foundation is a Texas 501(c) 3 dedicated to providing on-site support services in an oncology setting for economically challenged cancer patients and through early detection in North Texas. The pediatric palliative care program is directed at providing relief to children with devastating diseases and life threatening illnesses at Cook Children's Hospital in Fort Worth.

For more information about the t-shirts, call Fire Station #1 at 817-426-9176.
