What does the City do for you? We will toot our own horns starting in January 2013!

The public works department is kicking off a year-long education program in the display case in the front foyer of the Burleson Public Library. A different department will be featured each month. The displays will move to Burleson City Hall the following month.

Other participating departments include engineering, golf, library, police, parks and recreation, neighborhood services, community development, municipal court, fire department/fire marshal, city manager and city secretary, finance/human resources/information technology, and economic development.

Be sure to stop by the library, 248 S.W. Johnson Ave., at least once a month starting in January 2013.
