In November 2011, Burleson City Council members approved the full redesign of the 17-year-old City course. The project included the realignment of four holes (a total of 12 holes have substantial renovation), four new green complexes, additional lake (5 acres, 14 feet deep), turf/topsoil/irrigation improvements, and cart path realignment. The redesign and realignment opened Hidden Creek Golf Course up for championship tournaments and qualifying events.
