The newest traffic signal in Burleson is coming on line soon!

The traffic signal located at the intersection of Northwest Renfro Street and McAlister Road will be activated on Friday, Sept. 6. It will flash red/stop in all three directions until Tuesday, Sept. 10, when it will become fully operational. City personnel will be on-site Tuesday to make sure that the signal is functioning properly.

The traffic signal will improve traffic conditions for drivers traveling west on McAlister entering on to Northwest Renfro. The traffic signal is part of the Brushy Mound median opening project that was completed within the last year.
