Oncor Electric starts tree-trimming Oct. 1

Some portions of Burleson will see Oncor Electric trucks and staff trimming trees in the electric company's right-of-way.

Starting Oct. 1, Oncor Electric will be in portions of Burleson trimming trees in their right-of-way. If the electric company will be in your neighborhood you will be receiving a door with additional information. It is important for Oncor to perform vegetation management periodically because a major cause of power outages is from trees contacting power lines. If you have any questions or want to know if your home or business will be affected please see the attached map or call Oncor at 1-800-518-2375. If you are concerned about the vegetation in your area you can request to meet on-site with an Oncor certified arborist.

Streets include NE Alsbury Boulevard from I-35 to NW Renfro Street, NW Renfro Street from NE Brushy Mound Road to SW Rand Drive, Walnut Street, NE Hemphill Street, Spring Meadow Drive, James Circle and Village Creek Parkway.
