### **Wood named Employee of the Quarter**

*Michael Wood, IT Support Technician, was named the Employee of the Quarter.*

Serving the city's internal customers with a great attitude and his willingness to stop what he is doing and assist where he is needed are just a few of the reasons Michael Wood was named the City of Burleson's employee of the quarter.

Michael was hired as the support technician in the information technology department in August 2014. And as his title implies he provides support not only for the city's IT functions but also for staff.

"Michael has great interpersonal relationships with all employees," states his nomination form. "And always offers assistance with a great attitude".

"Receiving the Employee of the Quarter award is such an honor," said Michael. "It lets me know that all of my efforts are being noticed and encourages me to find new ways to improve our user's experience."

Michael will be honored at the April 17 City Council meeting. The city's employee of the quarter award is based on an employee's efficiency, transparency, honesty, innovation and customer service, all of which make up the city's ethics statement.
