## Why is it important to get started now?

### Be good to yourself

We want to help you plan the retirement you envision. You deserve to feel good about your future and confident in your plan to get there. The first step? Enroll in your retirement savings plan.

### How much retirement income is enough?

Although it is different for everyone, you will likely need to replace at least 70% of your current income annually in retirement. After you enroll, you can determine how much income you might need by using **myOrangeMoney**<sup>®\*</sup>, an interactive online experience, that will show you how your current retirement assets may translate into future potential monthly income in retirement so you know when you can retire.

\* The myOrangeMoney<sup>®</sup> educational interactive experience, which is designed to provide estimated monthly retirement income based on various saving and investment scenarios, is not available to Puerto Rico plans or participants.

The choices you make about your contributions and investments are up to you. And you can easily make changes anytime online, on the phone, or with the **Voya Retire®** mobile app. Remember, you are always in control.

## Reasons to save today

- 1 Save automatically**  
Your contributions are automatically deducted from your paycheck, so it is simple to set a little aside each pay period.
- 2 Help lower your taxable income**  
Every dollar you contribute before-tax reduces your taxable income, which means you may pay less in income taxes today.
- 3 Invest your way**  
Would you prefer to make investment elections yourself or would you appreciate having some guidance? How much investment risk are you willing to tolerate? No matter what you decide, we offer investment solutions designed to fit your style.
- 4 Remember, your money is always yours**  
What you contribute and any related earnings are yours to take with you, even if you change jobs.
- 5 Put time on your side**  
Investing over a longer period of time in a tax-favored account allows you to take advantage of compounding, meaning any earnings on contributions go back into your account without being taxed and can generate more earnings.

Remember, it's your retirement.  
Be generous.

# Get to know your plan

City of Burleson

City of Burleson 457(b) Deferred Compensation Plan

## Introduction

This section describes highlights of your employer's retirement plan. It represents a general overview of your employer's retirement program and is more fully described in the formal provisions of your employer's plan document. If there is a conflict between these plan highlights and your employer's plan document, the language in the plan document will govern.

## Eligibility Requirements

You are immediately eligible to participate in the plan.

## Enrollment Dates

Once you have met the eligibility requirements, you can join the plan on your date of hire.

## Employee Contributions

You may contribute 0 - 100% of your annual pay, not to exceed \$24,500 annually (\$32,500 if you are at least age 50 and your plan has a catch-up feature). If permitted by your plan, you may be able to make additional catch-up contributions between the ages of 60 - 63. Annual limitations are set by the IRS and are subject to change. Check with your benefits manager to see if you can take advantage of the increased opportunity to 'catch up' and contribute even more to your employer's plan. If your adjusted gross income does not exceed certain limits, you may be eligible for a tax credit.

## Roth Contributions

Your plan permits Roth after-tax employee contributions. You may contribute a minimum of 1% and your total employee contributions (Roth after-tax and Traditional pre-tax deferrals combined) may not exceed \$24,500 annually (\$32,500 if you are at least age 50 and your plan has a catch-up feature). If permitted by your plan, you may be able to make additional catch-up contributions between the ages of 60 - 63. Annual limitations are set by the IRS and are subject to change.

## Rollovers

Money from other qualified plans is accepted. Rollover contributions are allowed prior to meeting the eligibility requirements of the plan.

## Investment Transfers

Using Voya's automated telephone or Internet service, you have the ability to review your accounts and transfer funds from one investment option to another, 24-hours a day.

## Unforeseeable Emergency Withdrawals

Unforeseeable Emergency withdrawals may be taken in case of severe financial hardship as defined by the IRS and your Plan.

## Distribution & Withdrawals

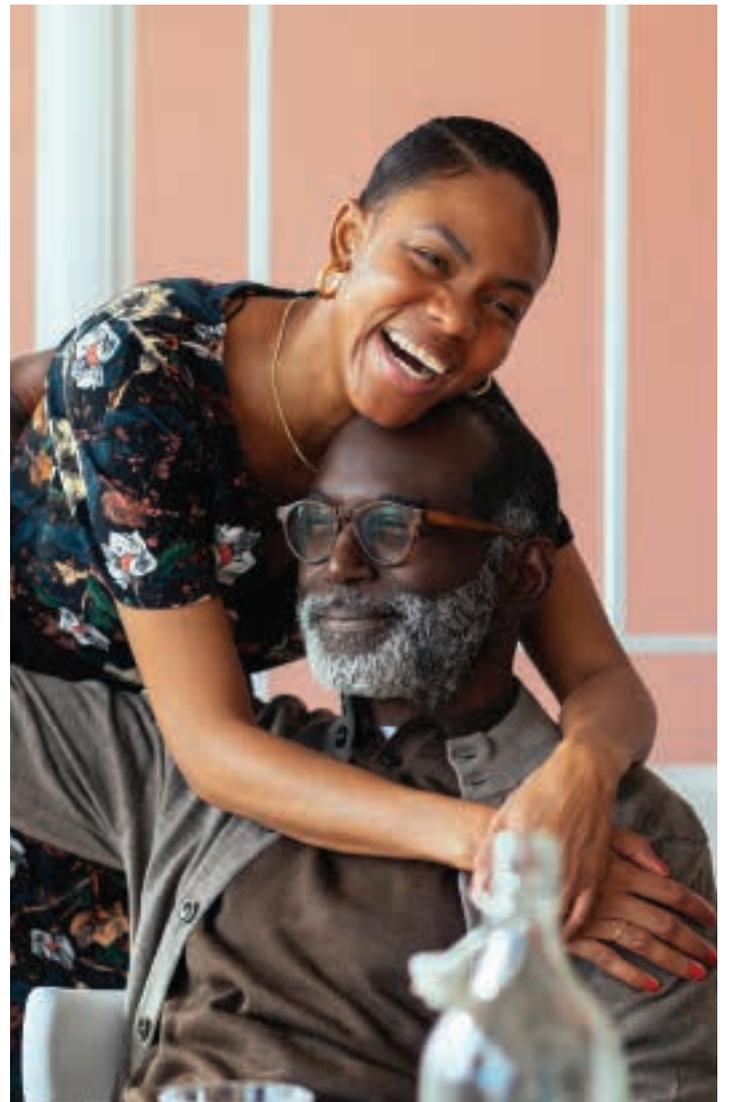

Funds are available at retirement, death, disability, or termination of service.

## Loan Provision

You may take a loan from vested amounts in your account. The amount the Plan may loan to you is limited by rules under the Internal Revenue Code. Any new loans, when added to the outstanding balance of all other loans from the Plan, will be limited to the lesser of: a) \$50,000 reduced by the excess, if any, of your highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan over your current outstanding balance of loans as of the date of the new loan; or b) 1/2 of your vested interest in the Plan. The amount the Plan may loan to you can also be limited by Plan rules such as which Employee Contributions are available for loan use, the number of loans that can be outstanding at any one time or how often you may request a loan. For specific details please refer to your Summary Plan Description (SPD). When thinking about taking a loan from your plan, keep in mind that when money is withdrawn from a retirement savings account, it reduces the power of tax-deferred compounding.

## Participant Account Statements

Your investment statements are provided quarterly.

Now that you've envisioned your future retirement take the necessary steps today.
